

## CALL FOR PAPERS / APPEL DE COMMUNICATIONS

« **Histoires nationales, implications internationales** », la 28<sup>ième</sup> réunion annuelle de la *Society for Historians of the Early American Republic (SHEAR)*

**Quand** : 20 au 23 juillet 2006

**Où** : L'université de Montréal

**Focus** : Le comité de programmation recevra des propositions pour des séances ou des communications sur tous les aspects de l'histoire et de la culture de la république américaine, ainsi que de ses régions frontalières ( *borderlands* ) du nord et du sud, entre les années 1770 et les années 1860. Nous sollicitons particulièrement des communications et des séances qui situent l'histoire états-unienne et l'histoire canadienne dans une perspective transnationale, ou celles qui conjuguent des études nationales particulières dans une perspective comparative. Puisque il s'agit seulement de la deuxième rencontre de la SHEAR à l'extérieur des États-Unis, ce congrès offre une excellente opportunité d'explorer des sujets transnationaux et transculturels.

“**National Histories, International Engagements**,” the 28<sup>th</sup> annual meeting of the *Society for Historians of the Early American Republic*

**When**: July 20-23, 2006

**Where**: University of Montreal

**Focus**: The Program Committee invites proposals for sessions and papers exploring all aspects of the history and culture of the early American republic along with its northern and southern borderlands, c. 17760-1860. We especially encourage papers and panels that place U.S. and Canadian history in transnational perspective or that bring together separate national studies for comparative purposes. Because “**National Histories, International Engagements**” marks only the second time that SHEAR has met outside of the U.S. and the first time it has met in a non-anglophone city, it offers participants unprecedented opportunities for considering transnational and cross-cultural topics.

### "Race and the Canadian Identity"

**When:** November 2 - 3, 2005

**Where:** Brock University

**Focus:** The 19th annual two Days of Canada conference is one of Canada's premiere interdisciplinary gatherings. Each year academics, graduate students, undergraduate students, and community members from a broad spectrum of disciplines, meet to discuss matters of importance to Canadians. Canada is widely praised around the world for its commitment to a policy of multiculturalism and its celebration of the country's ethnic complexities. Canadians pride themselves on their racial tolerance, especially in comparison to the perceived race "problems" of their American neighbours. Yet, is this stereotype accurate? How do minority Canadians feel about

their place in Canadian society? How does the experience of Canada's First Nations call this view into question? Is the historic division between English and French-speaking Canadians, the Canadian "race problem"? What can be done to make Canada a place in which racism is not tolerated? The conference seeks to address these and other important issues through scholarly debate and community involvement.
