

## CALLING ALL GRAD STUDENTS

The GSC offers a listserv to students interested in networking with other graduate history students across the country and having access to information on funding, conferences and job opportunities. To join, email James Muir at: [jmuir@yorku.ca](mailto:jmuir@yorku.ca)

The CHA's Graduate Student Committee (GSC) has undertaken one of its most ambitious projects yet - a national survey of graduate students studying history in Canada. The survey is designed to collect data on students' experiences in MA and PhD programs, with questions dealing with such topics as funding, workload and choosing between different programs. There are also several questions based on attempting to determine how aware students are of CHA and GSC programs which, we hope, will provide the association with some guidance on how to best serve the needs of students.

It is critical that as many students as possible participate in this survey. The survey is available on line at: [www.rcespionage.com/survey.htm](http://www.rcespionage.com/survey.htm) or [www.rcespionage.com/sondage.htm](http://www.rcespionage.com/sondage.htm). There are also hard copies available in most history departments. The GSC also has a group of local representatives in history departments who can be of further assistance (see list below). For more information, on the GSC or if you are interested in becoming a CHA student rep in a department that is currently unrepresented, contact Dominique Clément at [civilliberties@nf.sympatico.ca](mailto:civilliberties@nf.sympatico.ca).

Carleton University: Joselyn Morley  
 Concordian University: Paul Braganza  
 Dalhousie University: Blake Brown
